

Rules Cube's Expedited Microjourney™ Kickstart

Tackling one business problem at a time with our PEGA® Certified Team

Week 1

Discovery & Planning

During this stage, we will:

- Help you determine the desired outcome based on the expected business value and required resources
- Ensure all stakeholders involved in the project are aligned on the established goals and timeline

Week 2-5

Custom Designing and Building

Secondly, we will leverage agile methods to solve your problem.

This will include:

- Iterative development (1 sprint/week for 4 weeks)
- Continuous review and feedback
- Ongoing improvement

Challenges

Are you looking for a quick, efficient, and cost-effective way to generate better business results?

The Rules Cube team is here to help. As a leading Digital Transformation partner experienced in Pega's low-code app development, we understand how outdated platforms, old processes, and obsolete technology can slow your business down.

Lastly:

- The Pega Express™ delivery methodology will ensure a rapid implementation of the solution on Pega Cloud®.
- The low-code platform will allow easy maintenance and improvements for you to continuously meet the changing requirements of your business.
